**ORDER** 

This matter is before the court on its own motion. There is presently pending a motion for preliminary approval of a purported class-action settlement (Filing No. 83). Consideration of the defendants' motions to dismiss and/or to compel arbitration have been held in abeyance pending resolution of the class-action settlement issue. See Filing No. 79. For docket control purposes, the motions to dismiss and/or compel arbitration, Filing Nos. 17 and 20, will be dismissed without prejudice to reassertion after resolution of the motion to approve the amended settlement agreement (Filing No. 83). Accordingly,

IT IS ORDERED that defendants' motions to dismiss and/or to compel arbitration (Filing Nos. 17 and 20) are hereby denied without prejudice to reassertion.

DATED this 28th day of March, 2014.

BY THE COURT:
